

Aspirations

Learn. Believe. Achieve.

What are Aspirations?

Aspirations are our hopes or dreams of achieving something. If we have clear aspirations, it can help us plan to achieve our goals.

Why Should We Try to Be Aspirational?

It is important that we have aspirations to help us reach our full potential.

If we can aspire to do or be something, it can help us to work out what steps to take to get there.

Aspirations help us to develop ways to overcome these obstacles.

DREAM BIG

How Do Aspirational People Achieve Their Goals?

They set their expectations high.

They were resilient and kept going, even when times were tough.

They thought about the steps that they needed to take to get there.

They were resilient and kept going, even when times were tough.

What Are Your Aspirations? How Could You Achieve Them?

What do you aspire to do?

Perhaps you want to join a certain career, excel in a particular sport or become really good at a hobby?

Don't Forget...

Remember to aim high to reach your full potential.

Put in time and effort to achieve your goals.

Dream big and picture yourself succeeding.

Learning Time!

Throughout the week, your teachers will spend some time looking at the meaning of the story we read together today.

It will be a time to share how you feel and think about ways to reach your goals and aspirations.

Reflection

This is our school,
Let peace dwell here,
Let the rooms be full of contentment.
Let love abide here,
Love of one another,
Love of mankind,
Love of life itself.
Let us remember

That as many hands build a house,
So many hearts make a school
Help us to learn, play and share
together.

We hope our school will be place of
great discovery, adventure and
creativity.

May it be a place where we love to
learn and where we learn to love,
A place where everyone is respected
and all are deeply valued.
