2. Legislation and guidance

This document meets the requirements under the following legislation:

- The Equality Act 2010, which introduced the public sector equality duty and protects people from discrimination. The Equality Act 2010 protects nine characteristics:
 - age
 - disability
 - gender reassignment
 - marriage and civil partnership
 - pregnancy and maternity
 - race
 - religion or belief
 - sex
 - sexual orientation

- The Equality Act 2010 (Specific Duties) Regulations 2011, which require schools to publish information to demonstrate how they are complying with the public sector equality duty and to publish equality objectives

This document is also based on Department for Education (DfE) guidance: The Equality Act 2010 and schools.

1. Roles and responsibilities

The role of governors

- The governing body has set out its commitment to equal opportunities in this plan and it will continue to do all it can to ensure that the school is fully inclusive to pupils, and responsive to their needs based on race, gender and disability.
- The governing body seeks to ensure that people are not discriminated against when applying for jobs at our school on grounds of race, gender or disability.

- The governors take all reasonable steps to ensure that the school environment gives access to people with disabilities, and also strive to make school communications as inclusive as possible for parents, carers and pupils.
- The governors welcome all applications to join the school, whatever a child's socioeconomic background, race, gender or disability.
- The governing body ensures that no child is discriminated against whilst in our school on account of their race, sex or disability.

The role of the Headteacher

- It is the Headteacher's role to implement the school's Equality Plan and s/he is supported by the governing body in doing so.
- It is the Headteacher's role to ensure that all staff are aware of the Equality Plan, and that teachers apply these guidelines fairly in all situations.
- The Headteacher ensures that all appointments panels give due regard to this plan, so that no-one is discriminated against when it comes to employment or training opportunities.
- The Headteacher promotes the principle of equal opportunity when developing the curriculum, and promotes respect for other people and equal opportunities to participate in all aspects of school life.
- The Headteacher treats all incidents of unfair treatment and any incidents of bullying or discrimination, including racist incidents, with due seriousness.

The role of all staff: teaching and non-teaching

- All staff will ensure that all pupils are treated fairly, equally and with respect, and will maintain awareness of the school's Equality Plan.
- All staff will strive to provide material that gives positive images based on race, gender and disability, and challenges stereotypical images.
- All staff will challenge any incidents of prejudice, racism or homophobia, and record any serious incidents, drawing them to the attention of the Headteacher.
- Teachers support the work of ancillary or support staff and encourage them to intervene in a positive way against any discriminatory incidents.

4. Eliminating discrimination

- The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.
- Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.
- Staff and governors are regularly reminded of their responsibilities under the Equality Act, for example during meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.
- The school has a designated member of staff for monitoring equality issues, and an equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate
- It should be clear to pupils and staff how they report incidents. All staff, teaching and non - teaching, should view dealing with incidents as vital to the well-being of the whole school.

The procedure for responding and reporting is outlined below:

5. Advancing equality of opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people which are connected to a particular characteristic they have
- Taking steps to meet the particular needs of people who have a particular characteristic
- Encouraging people who have a particular characteristic to participate fully in any activities

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year showing how pupils with different characteristics are performing
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information
- Make evidence available identifying improvements for specific groups

6. Fostering good relations

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, PSHE, Rights Respecting School agenda and also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Holding assemblies dealing with relevant issues. This link closely to the Rights Respecting School agenda. Pupil Leaders will be encouraged to take a lead in such assemblies and we will also invite external speakers to contribute
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community

- Encouraging and implementing initiatives to ensure children have opportunities to work together. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the schools activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

7. Equality considerations in decision-making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

8. Equality objectives

Please see the Equality Action plan.

9. Monitoring arrangements

The Governing Board of Peartree Spring Primary School will update the equality information we publish, every year.
