

Writing (Wisp)

This beautiful book will inspire us to create imaginative and touching stories while also learning about the importance of home and belonging. We will focus on using fronted adverbials, correct tenses and speech punctuations. Our aim is to create our own stories and publish them in beautiful booklets, just like **Wisp**.

Guided Reading

We will read and share the book *Ariki and the Island of Wonders* while we develop our reading, vocabulary and comprehension skills.

Maths

Fractions: We will reactivate our fractions knowledge from Year 3 before exploring how to convert mixed number to improper fractions (and vice versa).

We will also be focusing on learning the tricky multiplication facts ready for our multiplication checks and find ways to remember and use them.

Understanding the World

Geography: We will be exploring UK counties and cities. Working on our map skills, we will be looking at compass directions, grid references, keys and so much more.

Year 4
Spring Term 2
'IT'S ALL MAPPED OUT'

Understanding Science and Technology

Science: We will be investigating living things this term through fun and practical activities. We will explore animals, including humans, and broaden our knowledge on the digestive system and teeth.

Computing: We will use our programming knowledge from last half-term to investigate repetition in games.

Understanding our Health and Well-Being

PE: We will continue our swimming lessons. Alongside this, we will work on our health and fitness knowledge.

PSHCE: We will be learning about 'Healthy Me'. We will explore friendships, group dynamics and peer pressure.

Understanding Arts and Culture

Art: We will be creating wire sculpture, considering form and space while focusing on the work of various artists.

Music: We will be exploring our own songs for the Year 4 play. We will be learning these songs and performing them during our live performance.

“Learn. Believe. Achieve.”

Our School Values: Resilient, Persistent, Self-Motivated, Risk-Takers, Creative, Good Citizens, Entrepreneurial

Dear Parents/Carers,

Welcome to the second half of the Spring term. Where has the time gone? We are all very excited about our upcoming Year 4 play. There will be lots of singing and rehearsing between all of the learning that we have planned.

Please find overleaf details about what your child will be learning in class over this half-term. We would encourage you to please spend some time at home each week practising the spellings and times tables we are working on in class. Please also read together with your child every day as it really does make such an enormous difference to their ability to read with fluency, confidence and understanding; reading records should be in book bags daily.

Thank you for your continued support,

Mr Brown, Miss Fisher and Mr Griffin.
